HEALTHCARE CONSULTING

SERVICE OVERVIEW

Initially, CCI's consulting division was established to assist health care organizations in designing, developing and implementing effective voluntary compliance programs which allowed them the opportunity to create controlled environments that reinforced the given entity's commitment to compliance.

CCI now serves virtually all types and sizes of health care providers, and have expanded our service offerings to include literally all aspects of Medicare and Medicaid compliance. Our compliance program services afforded providers with a framework of compliance, thereby reducing the likelihood of errors or situations of non-compliance.

As the government (fortified by the Health Care Portability and Accountability Act of 1996) continues increasing its scrutiny of the health care industry it is imperative that all health care providers implement an effective and efficient compliance program. We at Compliance Concepts, Inc. can design and implement a compliance program which will help correct the problems of today and eliminate the pitfalls of the future.

CONSULTING SERVICES OFFERED

In addition to assisting in the full-scope design, development, assessment and implementation of corporate compliance programs, CCI also provides targeted compliance-related services.

- | | |
|--|------------------------------------|
| 01. Billing & Coding Reviews | 08. CERT & RADV Assistance |

OUR CONSULTANTS

CCI believes that the combined backgrounds of its principals represent extensive and unparalleled experience in dealing with federal regulators and regulations, and practical insight into the government's expectations with respect to effective compliance programs. It should also be noted that our professional staff members are mature health-care professionals with extensive, practical, hands-on experience. CCI is committed to employing only seasoned professional staff whose real-life experiences have proven to be invaluable in interacting with client personnel over the course of a compliance engagement.

The principals of CCI lead most compliance engagements and are directly responsible for all client service activities, including maintaining direct and frequent communication with the Corporate Compliance Officer and other personnel.

ABOUT CCI

CCI HISTORY

Compliance Concepts, Inc. (CCI), incorporated in July 1997 as a compliance-consulting firm, provides organizational compliance advice to entities worldwide. Consulting offices are located in Pittsburgh, Philadelphia, and Scranton, Pennsylvania. ComplianceLine, SanctionCheck and VisualEthics, operating divisions of CCI, are headquartered in Charlotte, NC, and currently services in excess of 800 global customers.

Our more frequently contracted health care services include: Billing & Coding Reviews, Case Management Reviews, Forensic Audits & IRO Services, CERT & RADV Assistance, Physician Contract Reviews, Cost Report Assistance, Compliance Program Effectiveness Reviews. CCI's hotline reporting service, ComplianceLine, became fully operational in 1998, while our SanctionCheck employee and vendor screening service was first introduced in 1999.

OUR MISSION

The mission of our health care division is to assist health care providers in achieving, ensuring and demonstrating continued compliance with the myriad of laws, rules and regulations that impact the health care industry. Although CCI was originally formed to assist healthcare providers in developing and implementing voluntary compliance programs, we have expanded our service offerings to include literally all aspects of Medicare and Medicaid compliance impacting every sector of the healthcare industry.
